STAT MEMORANDUM FOR: [REDACTED]
Executive Assistant to the DDP

SUBJECT : Speciman [REDACTED]

25X1 Per our 17 August conversation attached for your eyes and use only are speciman samples of our two yellow buckslips -- one printed for Rogers and one for Kissinger. As you know, in the [REDACTED] 25X1 [REDACTED] we number issuances consecutively but any given issuance will not necessarily go to both parties. Quite a few go only to Kissinger. There is nothing in the system that would prevent one's going only to Rogers but I cannot offhand recall any given report handled in this fashion. Also included is a [REDACTED] 25X1 As you know, what we do is simply permute the final sentence changing its language, as appropriate, for each named recipient.

George A. Carver, Jr.
Special Assistant for Vietnamese Affairs
